**Re: USEPA National Environmental Performance Track - Achievement Application**

Dear Sir or Madam:

Enclosed please find a completed application for the National Environmental Performance Track Achievement program for Lockheed Martin Corporation's Naval Electronics & Surveillance System-Syracuse business.

We believe that both our outstanding environmental record and our participation in such prestigious voluntary programs as the ISO 14001 registration program and OSHA's Voluntary Protection Program demonstrate our commitment to sustained environmental, safety and health excellence. It is our goal to be included as a Charter Member of the USEPA's Environmental Performance Track Achievement program.

If you have any questions regarding the enclosed application, please do not hesitate to contact either myself at (315) 456-6976 or Ms. Heather Daniels at (315) 456-2459.

Very truly yours,

A handwritten signature in black ink, appearing to read "B. A. Kent".

Brian A. Kent, Manager  
Environment, Safety & Health

A02-002b

# ***National Environmental Achievement Track***

## ***Application Form***

Naval Electronics & Surveillance Systems-Syracuse

Name of facility

Lockheed Martin Corporation

Name of parent company (if any)

497 Electronics Parkway

Street address

EP5 M202

Street address (continued)

Liverpool/ New York/ 13088

City/State/Zip code

Give us information about your contact person for the  
National Environmental Achievement Track Program.

Name Brian A. Kent

Title Manager, Environment, Safety & Health

Phone (315) 456-6976

Fax (315) 456-0151

E-mail brian.a.kent@lmco.com

**Why do we need this information?**

EPA needs background information on your facility to evaluate your application.

**What do you need to do?**

- Provide background information on your facility.
- Identify your environmental requirements.

**1 What do you do or make at your facility?**

Lockheed Martin Naval Electronics & Surveillance,  
Systems-Syracuse (NE&SS-Syracuse) located in  
Syracuse, New York employs approximately 2,000  
people committed to providing products and services  
and operating our facility in a compliant manner which  
protects our employees, the community and the  
environment, and conserves natural resources.  
NE&SS-Syracuse designs, manufactures, tests and  
provides systems integration for surface ship and  
submarine systems, airborne and ground-based radar  
and marine traffic management.

**2 List the Standard Industrial Classification (SIC) code(s) or North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.**

SIC: 3812 \_\_\_\_\_  
NAICS: 334511 \_\_\_\_\_

**3 Does your company meet the Small Business Administration definition of a small business for your sector?**

☐ Yes ☒ No

**4 How many employees (full-time equivalents) currently work at your facility?**

- ☐ Fewer than 50  
☐ 50-99  
☐ 100-499  
☐ 500-1,000  
☒ More than 1,000

## Section A, continued

5 Does your facility have an EPA ID number(s)?

☒ Yes

☐ No

If yes, list in the right-hand column.

NYD059385120 – Electronics Park (Main facility)

NYD986972024 – Tarbell Road (Remote test facility)

NYD986998136 – R/V Paganelli (Remote test facility)

NYD986998219 – Cazenovia (Remote test facility)

6 Identify the environmental requirements that apply to your facility. Use the Environmental Requirements Checklist, at the back of the instructions, as a reference. List your requirements to the right *or* enclose a completed Checklist with your application.

See attached.

7 Check the appropriate box in the right-hand column.

☐ I've listed the requirements above.

☒ I've enclosed the Checklist with my application.

8 Optional: Is there anything else you would like to tell us about your facility?

▪ NE&SS-Syracuse has been a member of the Occupational Safety and Health Administration (OSHA) Voluntary Protection Program (VPP) since February of 1994. In June of 1995, we earned OSHA's VPP Star Rating.

▪ NE&SS-Syracuse received 3<sup>rd</sup> party recommendation for registration to the ISO 14001 standard for Environmental Management Systems in December of 1996. Our registration was renewed in December of 1999.

▪ See attached "Record of Environmental, Safety and Health Excellence" which further describes NE&SS-Syracuse achievements.

## National Environmental Achievement Track

### *Environmental Requirements Checklist*

The following Checklist is provided to assist facilities in answering Section A, "Tell us about your facility," Question 6. The Checklist is given to help facilities identify the major federal, state, tribal, and local environmental requirements applicable at their facilities. The Checklist is not intended to be an exhaustive list of all environmental requirements that may be applicable at an individual facility.

If you use this Checklist and choose to submit it with your application, fill in your facility information below and enclose the completed Checklist with your application (see instructions).

**Facility Name** Lockheed Martin NE&SS-Syracuse  
**Facility Location:** Syracuse, New York (with some remote test facilities)  
**Facility ID Number(s):** NYD059385120, NYD986972024, NYD986998136,  
(attach additional sheets NYD986998219  
if necessary)

#### Air Pollution Regulations

Check All  
That Apply

1. National Emission Standards for Hazardous Air Pollutants (40 CFR 61) ☐
2. Permits and Registration of Air Pollution Sources ☒
3. General Emission Standards, Prohibitions and Restrictions ☒
4. Control of Incinerators ☐
5. Process Industry Emission Standards ☐
6. Control of Fuel Burning Equipment ☐
7. Control of VOCs ☐
8. Sampling, Testing and Reporting ☐
9. Visible Emissions Standards ☒
10. Control of Fugitive Dust ☐
11. Toxic Air Pollutants Control ☐
12. Vehicle Emissions Inspections and Testing ☒

**Other Federal, State, Tribal or Local Air Pollution Regulations Not Listed Above**  
(identify)

13. ☐
14. ☐

#### Hazardous Waste Management Regulations

1. Identification and Listing of Hazardous Waste (40 CFR 261)
  - Characteristic Waste ☒
  - Listed Waste ☒
2. Standards Applicable to Generators of Hazardous Waste (40 CFR 262)
  - Manifesting ☒

- Pre-transport requirements ☒
- Record keeping/reporting ☒
- 3. Standards Applicable to Transporters of Hazardous Waste (40 CFR 263)
  - Transfer facility requirements ☐
  - Manifest system and record-keeping ☐
  - Hazardous waste discharges ☐
- 4. Standards for Owners and Operators of TSD Facilities (40 CFR 264)
  - General facility standards ☐
  - Preparedness and prevention ☐
  - Contingency plan and emergency procedures ☐
  - Manifest system, Record keeping and reporting ☐
  - Groundwater protection ☐
  - Financial requirements ☐
  - Use and management of containers ☐
  - Tanks ☐
  - Waste piles ☐
  - Land treatment ☐
  - Incinerators ☐
- 5. Interim Status Standards for TSD Owners and Operators (40 CFR 265) ☐
- 6. Interim Standards for Owners and Operators of New Hazardous Waste Land Disposal Facilities (40 CFR 267) ☐
- 7. Administered Permit Program (Part B) (40 CFR 270) ☐

**Other Federal, State, Tribal or Local Hazardous Waste Management Regulations Not Listed Above (identify)**

- 8. ☐
- 9. ☐

**Hazardous Materials Management**

- 1. Control of Pollution by Oil and Hazardous Substances (33 CFR 153) ☐
- 2. Designation of Reportable Quantities and Notification of Hazardous Materials Spill (40 CFR 302) ☒
- 3. Hazardous Materials Transportation Regulations (49 CFR 172-173) ☒
- 4. Worker Right-to-Know Regulations (29 CFR 1910.1200) ☒
- 5. Community Right-to-Know Regulations (40 CFR 350-372) ☒

**Other Federal, State, Tribal or Local Hazardous Materials Management Regulations Not Listed Above (identify)**

- 6. ☐
- 7. ☐

**Solid Waste Management**

- 1. Criteria for Classification of Solid Waste Disposal Facilities and Practices (40 CFR 257) ☐
- 2. Permit Requirements for Solid Waste Disposal Facilities ☐
- 3. Installation of Systems of Refuse Disposal ☐

- |   |                          |
|---|--------------------------|
| 4. Solid Waste Storage and Removal Requirements | <input type="checkbox"/> |
| 5. Disposal Requirements for Special Wastes     | <input type="checkbox"/> |

**Other Federal, State, Tribal or Local Solid Waste Management Regulations Not Listed Above (identify)**

- |    |                          |
|----|--------------------------|
| 6. | <input type="checkbox"/> |
| 7. | <input type="checkbox"/> |

**Water Pollution Control Requirements**

- |   |                                     |
|---|-------------------------------------|
| 1. Oil Spill Prevention Control and Countermeasures (SPCC) (40 CFR 112)                                 | <input checked="" type="checkbox"/> |
| 2. Designation of Hazardous Substances (40 CFR 116)   | <input checked="" type="checkbox"/> |
| 3. Determination of Reportable Quantities for Hazardous Substances (40 CFR 117)                         | <input checked="" type="checkbox"/> |
| 4. NPDES Permit Requirements (40 CFR 122)   | <input checked="" type="checkbox"/> |
| 5. Toxic Pollutant Effluent Standards (40 CFR 129)  | <input type="checkbox"/>            |
| 6. General Pretreatment Regulations for Existing and New Sources (40 CFR 403)                           | <input checked="" type="checkbox"/> |
| 7. Organic Chemicals Manufacturing Point Source Effluent Guidelines and Standards (40 CFR 414)          | <input type="checkbox"/>            |
| 8. Inorganic Chemicals Manufacturing Point Source Effluent Guidelines and Standards (40 CFR 415)        | <input type="checkbox"/>            |
| 9. Plastics and Synthetics Point Source Effluent Guidelines and Standards (40 CFR 416)                  | <input type="checkbox"/>            |
| 10. Water Quality Standards   | <input checked="" type="checkbox"/> |
| 11. Effluent Limitations for Direct Dischargers   | <input checked="" type="checkbox"/> |
| 12. Permit Monitoring/Reporting Requirements  | <input checked="" type="checkbox"/> |
| 13. Classifications and Certifications of Operators and Superintendents of Industrial Wastewater Plants | <input type="checkbox"/>            |
| 14. Collection, Handling, Processing of Sewage Sludge   | <input type="checkbox"/>            |
| 15. Oil Discharge Containment, Control and Cleanup  | <input type="checkbox"/>            |
| 16. Standards Applicable to Indirect Discharges (Pretreatment)  | <input type="checkbox"/>            |

**Other Federal, State, Tribal or Local Water Pollution Control Regulations Not Listed Above (identify)**

- |     |                          |
|-----|--------------------------|
| 17. | <input type="checkbox"/> |
| 18. | <input type="checkbox"/> |

**Drinking Water Regulations**

- |  |                          |
|--|--------------------------|
| 1. Underground Injection and Control Regulations, Criteria and Standards (40 CFR 144, 146) | <input type="checkbox"/> |
| 2. National Primary Drinking Water Standards (40 CFR 141)                                  | <input type="checkbox"/> |
| 3. Community Water Systems, Monitoring and Reporting Requirements (40 CFR 141)             | <input type="checkbox"/> |
| 4. Permit Requirements for Appropriation/Use of Water from Surface or Subsurface Sources   | <input type="checkbox"/> |
| 5. Underground Injection Control Requirements  | <input type="checkbox"/> |

6. Monitoring, Reporting and Record keeping Requirements for Community Water Systems ☐

**Other Federal, State, Tribal or Local Drinking Water Regulations Not Listed Above(identify)**

7. ☐  
8. ☐

**Toxic Substances**

1. Manufacture and Import of Chemicals, Record keeping and Reporting Requirements (40 CFR 704) ☐  
2. Import and Export of Chemicals (40 CFR 707) ☒  
3. Chemical Substances Inventory Reporting Requirements (40 CFR 710) ☒  
4. Chemical Information Rules (40 CFR 712) ☐  
5. Health and Safety Data Reporting (40 CFR 716) ☒  
6. Pre-Manufacture Notifications (40 CFR 720) ☐  
7. PCB Distribution Use, Storage and Disposal (40 CFR 761) ☒  
8. Regulations on Use of Fully Halogenated Chlorofluoroalkanes (40 CFR 762) ☐  
9. Storage and Disposal of Waste Material Containing TCDD (40 CFR 775) ☐

**Other Federal, State, Tribal or Local Toxic Substances Regulations Not Listed Above (identify)**

10. ☐  
11. ☐

**Pesticide Regulations**

1. FIFRA Pesticide Use Classification (40 CFR 162) ☒  
2. Procedures for Disposal and Storage of Pesticides and Containers (40 CFR 165) ☐  
3. Certification of Pesticide Applications (40 CFR 171) ☒  
4. Pesticide Licensing Requirements ☐  
5. Labeling of Pesticides ☐  
6. Pesticide Sales, Permits, Records, Application and Disposal Requirements ☒  
7. Disposal of Pesticide Containers ☒  
8. Restricted Use and Prohibited Pesticides ☒

**Other Federal, State, Tribal or Local Pesticides Regulations Not Listed Above (identify)**

9. ☐  
10. ☐

**Environmental Clean-Up, Restoration, Corrective Action**

1. Comprehensive Environmental Response, Compensation and Liability Act (Superfund) (identify) ☐  
☐

2. RCRA Corrective Action (identify)  
Groundwater Remediation

☒  
☐

**Other Federal, State, Tribal or Local Environmental Clean-Up, Restoration,  
Corrective Action Regulations Not Listed Above (identify)**

3. State Inactive Hazardous Waste Disposal Site Remedial Program  
4.

☒  
☐

# A Record of Environmental, Safety and Health Excellence...

**New York State Governor's Award.** NE&SS-Syracuse was awarded the 1996 and 1998 NYS Governor's Award for Pollution Prevention, making us the first company to be honored twice with this award.

**Ozone Protection.** For our accomplishments in ozone depleting substance elimination, Lockheed Martin was a winner of the 1994 EPA Stratospheric Ozone Protection Award. In 1997, NE&SS-Syracuse was distinguished as one of EPA's "Best of the Best". Lockheed Martin is also a partner in the EPA ClimateWi\$e program.

**EPA SARA 313 Toxic Emissions.** Lockheed Martin has reduced releases of SARA 313 toxic chemicals by over 99% since 1989.

**OSHA Voluntary Protection Program (VPP).** Lockheed Martin NE&SS-Syracuse owns the distinction of being the first aerospace facility in the United States to receive the Merit Award, and subsequently attained the prestigious Star Award recognizing exemplary Occupational Health and Safety performance.

**CEO's Award.** NE&SS-Syracuse was honored with the 1994 Chairman's Award for exceptional Environmental, Safety and Health performance.

**Champions of Safety**

**Champions of Safety.** *Occupational Hazards Magazine* designated NE&SS-Syracuse a "Champ," the first for a defense contractor.

**ESH Leadership Award.** NE&SS-Syracuse Emergency Medical Response Team was recognized by Corporate ESH for the exemplary implementation of our response program. The Team is also certified by the NYSDOH as an Advanced Life Support First Response Agency.

## **Solid Waste Reduction.**

Lockheed Martin NE&SS-Syracuse is a participant in the EPA WasteWi\$e program, and has been recognized by the Onondaga County Resource Recovery Agency for outstanding recycling performance.

## **Waste Reduction.**

Lockheed Martin has exceeded the waste reduction requirements of the EPA 33/50 program, achieving more than a 97% reduction in process-related hazardous waste since 1989. Lockheed Martin has also been recognized by Renew America for our accomplishments in pollution prevention.

Partners for the Environment

## **Energy Conservation.**

Lockheed Martin actively implements energy efficiency measures, and is a partner in the EPA Green Lights Program.

## **ISO 14001 Environmental Management Systems.**

Lockheed Martin NE&SS-Syracuse received third-party recommendation for registration in December 1996, the first business within Lockheed Martin and one of the first in the nation to receive this designation. Our registration was renewed in December 1999.

## **ESH Corporate Excellence Award.**

NE&SS-Syracuse was recognized in 1996 and 1998 for our outstanding ESH programs, initiatives and performance.

## **ESH Corporate Achievement Award.**

This award was presented to NE&SS-Syracuse for our sustained performance and ESH achievements in 1997 and 1999.

## **Compliance Award.**

NE&SS-Syracuse was recognized by the Onondaga County Department of Drainage and Sanitation for achieving 100% compliance with our Discharge Permit for 1998 and 1999.

**Water.**  
We treat it right.

***Why do we need this information?***

Facilities must have an operating Environmental Management System (EMS) that meets certain requirements.

***What do you need to do?***

- Confirm that your EMS meets the Achievement Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

**1** Check *yes* if your EMS meets the requirements for each element below as defined in the instructions.

**a.** Environmental policy ☒ Yes

**b.** Planning ☒ Yes

**c.** Implementation and operation ☒ Yes

**d.** Checking and corrective action ☒ Yes

**e.** Management review ☒ Yes

**2** Have you completed at least one EMS cycle (plan-do-check-act)? ☒ Yes

**3** Did this cycle include both an EMS and a compliance audit? ☒ Yes

**4** Have you completed an objective self-assessment or third-party assessment of your EMS? ☒ Yes

If yes, what method of EMS assessment did you use? ☐ Self-assessment

☐ GEMI ☐ Other

☐ CEMP

☒ Third-party assessment

☒ ISO 14001 Certification

☐ Other

### ***Why do we need this information?***

Facilities must show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

### ***What do you need to do?***

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

- I** Describe your past achievements for at least two environmental aspects. If you need more space than is provided, attach copies of this page.

**Note to small facilities:** If you qualify as a small facility as defined in the instructions, you are required to report past achievement for at least one environmental aspect.

### ***First aspect you've selected***

What aspect have you selected?	What was the previous level (2 years ago)?		What is the current level?	
	Quantity	Units	Quantity	Units
Total Solid Waste	149.1	Tons	120.6	Tons

i. How is the current level an improvement over the previous level?

The current level represents the total generation for the calendar year 1999. This amount is nearly a 20% reduction over the total generation for 1998.

ii. How did you achieve this improvement?

The decrease in solid waste generation is attributable to both a decrease in overall solid waste generation (approximately 15%), as well as an increase in recycling (approximately 5%). Waste reductions were achieved through increased employee awareness, partially attributable to the tracking of solid waste generation under the ISO 14001 program. Increased recycling rates were achieved through the implementation of a program to recycle cafeteria waste as well as an increase in the recycling of certain types of scrap electronic components.

*Second aspect you've selected*

What aspect have you selected?	What was the previous level (2 years ago)?		What is the current level?	
	Quantity	Units	Quantity	Units
Hazardous Solid Waste	25.2	Tons	16.6	Tons

i. How is the current level an improvement over the previous level?

The current level represents the generation of process hazardous waste for the calendar year 1999. This amount is a 34% reduction over the process hazardous waste generation for 1998.

ii. How did you achieve this improvement?

The majority of the waste reductions achieved in 1999 were the results of process improvements in the transducers manufacturing component of our business. This product line was re-introduced in 1998 through a contract award. Throughout the engineering development phase of the new contract, several product evaluations resulted in the generation of hazardous waste. The completion of this development phase, as well as improved purchasing strategies and increased process controls resulted in the dramatic waste reductions achieved in 1999.

*Third\* aspect you've selected (Additional Report)*

What aspect have you selected?	What was the previous level (2 years ago)?		What is the current level?	
	Quantity	Units	Quantity	Units
Total Water Use	37.8M	Gal	36.3M	Gal

i. How is the current level an improvement over the previous level?

The current level represents the usage of water for the calendar year 1999, which was a 4% reduction from the usage in 1998.

ii. How did you achieve this improvement?

The 4% reduction achieved in 1999 represents the culmination of a significant program designed to reduce water usage as well as wastewater discharges. Since 1996, NE&SS-Syracuse has reduced water usage by over 35% through the consolidation of business operations, shutdown of boiler operations during summer months, and use of water efficient fixtures in building upgrades.

*Fourth\* aspect you've selected (Additional Report)*

What aspect have you selected?	What was the previous level (2 years ago)?		What is the current level?	
	Quantity	Units	Quantity	Units
Compliance Record	8	Events	2	Events
<p>i. How is the current level an improvement over the previous level?  <u>From 1998 to 1999, we had a 75% improvement in our compliance record.</u></p>				
<p>ii. How did you achieve this improvement?  <u>NE&amp;SS-Syracuse includes in our compliance record the total number of: reportable spills or releases, NOVs or other violations, exceedences from SPDES permit limits, findings from regulatory inspections or audits, or any other noncompliance with a permit or consent order requirement. The improvement was made through increased employee awareness, partially attributable to the tracking of compliance under the ISO 14001 program, improved response rates by our in-house HAZMAT team and storm sewer upgrades.</u></p>				

- 2 Select at least four environmental aspects (no more than two from any one category) from the Environmental Performance Table in the instructions and then tell us about your future commitments. If you need more space than is provided, attach copies of this section.

Note to small facilities: If you are a small facility, you are required to make commitments for at least two environmental aspects in two different categories.

*First aspect you've selected*

a. What is the aspect?

Hazardous Solid Waste

b. Is this aspect identified as significant in your EMS?

☒ Yes ☐ No

c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A: 16.6 Tons  
 Absolute value (Quantity/Units)

☐ Option B: \_\_\_\_\_  
 In terms of (Quantity/Units)  
 units of production  
 or output

d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A: 14.9 Tons  
Absolute value (Quantity/Units)

☐ Option B: \_\_\_\_\_  
In terms of (Quantity/Units)  
units of production  
or output

e. How will you achieve this improvement?

Hazardous waste reduction strategies are applied to all operations on an annual basis through the implementation of both the ISO 14001 program and our Hazardous Waste Reduction Plan. In addition, further process improvements in the transducer operations, including equipment upgrades, are scheduled for 2001.

---

---

*Second aspect you've selected*

a. What is the aspect?

Hazardous Materials Use

b. Is this aspect identified as significant in your EMS?

☒ Yes ☐ No

c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A: 8.36 Tons  
Absolute value (Quantity/Units)

☐ Option B: \_\_\_\_\_  
In terms of (Quantity/Units)  
units of production  
or output

d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.

☒ Option A: 7.95 Tons  
Absolute value (Quantity/Units)

☐ Option B: \_\_\_\_\_  
In terms of (Quantity/Units)  
units of production  
or output

e. How will you achieve this improvement?

A Design-for-Environment Chemical Reduction Team has been established to provide better control over the review process for chemicals used in our operations and products. One of the goals of the team will be to reduce the use of hazardous materials.

## Section C, continued

### Third aspect you've selected

- a. What is the aspect?
- b. Is this aspect identified as significant in your EMS?
- c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.
- d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.
- e. How will you achieve this improvement?

#### Total Solid Waste (by number of employees)

☒ Yes ☐ No

☐ Option A:

Absolute value

(Quantity/Units)

☒ Option B:

In terms of  
units of production  
or output

120 lb/employee

(Quantity/Units)

☐ Option A:

Absolute value

(Quantity/Units)

☒ Option B:

In terms of  
units of production  
or output

114 lb/employee

(Quantity/Units)

In 2000, NE&SS-Syracuse implemented a "Clean-Out Days" program to encourage employees to maintain a clean work environment, improve housekeeping and increase overall efficiency. As a result, we have experienced an increase in solid waste generation for 2000, but expect to see an overall reduction over the next three years.

**Fourth aspect you've selected– Revised**

a. What is the aspect?	<u>Solid Waste Recycling Rate</u>	
b. Is this aspect identified as significant in your EMS?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.	<input checked="" type="checkbox"/> Option A:	<u>73%</u>
	Absolute value	(Quantity/Units)
	<input type="checkbox"/> Option B:	
	In terms of units of production or output	(Quantity/Units)
d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.	<input checked="" type="checkbox"/> Option A:	<u>75%</u>
	Absolute value	(Quantity/Units)
	<input type="checkbox"/> Option B:	
	In terms of units of production or output	(Quantity/Units)
e. How will you achieve this improvement?	<u>NE&amp;SS–Syracuse will continue to improve our solid waste management program with the goal of achieving a 75% recycling rate. Our efforts toward this goal began in 1993 when the facility had a mere 34% recycling rate. In the following years, we have dramatically improved our recycling rate with the introduction of new recycling resources. We will continue to pursue the use of new recycling options to achieve our goal of 75%.</u>	

Signature/Date

# Section D

*Tell us about your public outreach and reporting.*

## ***Why do we need this information?***

Facilities must demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

## ***What do you need to do?***

- Describe your approach to public outreach.
- List three references who are familiar with your facility.

***1*** How do you identify and respond to community concerns?

In accordance with company procedures, all inquiries from or communications with the general public or members of the news media are directed through the Public Affairs & Employee Communications Department of NE&SS-Syracuse. The Manager of Public Affairs & Employee Communications is responsible for the coordination of all such communications, ensuring the appropriateness, accuracy, consistency and timeliness of the information communicated. The Manager of Public Affairs & Employee Communications is a direct report to the President, NE&SS-Syracuse and thereby has direct access to all facility management, including the Environment, Safety and Health (ESH) office with which all responses to community concerns or inquiries would be coordinated.

***2*** How do you inform community members of important matters that affect them?

As described above, the Public Affairs & Employee Communications Department directs all communications with community members. When appropriate, that department distributes news releases to all local media and holds press briefings or interviews as needed.

3 How will you make the Achievement Track Annual Performance Report available to the public?

☒ Website [www.lmco.com/orss](http://www.lmco.com/orss)

☐ Newspaper

☐ Open Houses

☐ Other

4 Are there any ongoing citizen suits against your facility?

☐ Yes

☒ No

If yes, describe briefly in the right-hand column.

## Application and Participation Statement.

On behalf of Lockheed Martin NE&SS-Syracuse,

I certify that

- I have read and agree to the terms and conditions, as specified in the *National Environmental Achievement Track Program Description* and in the *Application Instructions*;
- I have personally examined and am familiar with the information contained in this Application (including, if attached, the Environmental Requirements Checklist). The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Achievement Track EMS requirements, including systems to maintain compliance with all applicable federal, state, tribal, and local environmental requirements, in place at the facility, and the EMS will be maintained for the duration of the facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all applicable federal, state, tribal, and local environmental requirements, and the facility has corrected all identified instances of potential or actual noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable federal, state, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Achievement Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Signature/Date 

Printed Name/Title Brian A. Kent, Manager Environment, Safety & Health

Facility Name Lockheed Martin NE&SS-Syracuse
